A mare information sheet is required to be on file with the office before any mare will be booked. Written authorization from the shareholder must be on file before any mare will be booked on a shareholder's season, which has been sold to a third party.

All maiden, barren and mares not bred in 2023 must have a negative uterine culture taken within 30 days prior to their first trip in 2024.

All maiden mares must be jumped before coming to the breeding shed for the first time. All mares returning to the breeding shed for a third breeding (exclusive of doubles) will be required to have a negative uterine culture taken after the second breeding.

CEM Requirements: We will follow the current regulations of the USDA and Kentucky Department of Agriculture in regard to EVA.

All mares must be identified with their name on either the halter or neck strap.

WE DO NOT REQUIRE SHED FORMS TO ACCOMPANY THE MARE.

**** Proof of EHV1 vaccine required ****
